CPYC Atlantic Fleet Scoring Rules - 6.0

Scoring for the Cup weekends will be based on all races completed, except that if at least four scheduled races are completed, then a boat may throw out its worst finish. Please note that by Club rules, a boat may not throw out the race on the day of the picnic, if the boat did not race that day.

For example, if four races for the Cup weekend are completed and the picnic is scheduled for the final day, i.e. Monday: if you did not race on Saturday, but raced on Sunday and Monday, you could throw out your DNC finish for Saturday, if you raced on Monday, and it was your worst finish, a 7th, you can throwout that race, if you raced on Saturday and Sunday, but not Monday, you could not throwout the DNC from Monday.
